Description: **Very intense on the nose, as if sour cherry syrup, Christmas spices and vanilla short bread had met in the lounge. There can be no doubt regarding its aging in American oak barrel, punch and sour cherry bonbon can be traced in the scent. Popcorn sweetened with caramel, 'Sport chocolate bar' (a special Hungarian chocolate brand with rum). Its style is impudent and charming. On the palate it is more typical of Szekszárd region, vivid acidity, the wine is vibrating, fruitiness is long lasting till the finish. Enjoyable and concentrated kékfrankos.**
