Bottled in December 2017.**

Description: **Blueberry, blackcurrant, cool mint and freshly ground pepper appear in its bouquet, a non-intrusive leather quality adds a new element in the taste, just sufficient to make it more exotic. Here the tannin is unambiguous, and added to the experience, the aromatic flavours of cocoa and roasted coffee-beans appear in the palate fairly intensively yet without being raw. This is a robust, vigorous wine with plenty of time to mature further... but we won't be committing an error if we taste it today, either, for it is nearing its prime.**
