Description:

Featherlight, naughty and mysterious. We woke up our "little princess" in 2 hectares in our Leányvár (Girls' Castle) vineyard. The backbone of the wine is given by Királylányka variety, to which 16% Csereszegi Fűszeres adds the subtle, "lace-like veil" of the princess. Lovely, light, floral and fruity notes on the nose and the palate with crispy acidity. Usually not much of it is left in the glass...

Story:

The label of this wine is the first individually designed label in the history of our winery. As for the name: Királylány means Princess and it refers to the main variety of the wine called Királylányka (Little Princess).
