Description: **Pale yellow colour. A heavy wine, it takes a few seconds to open up. Its aromas reflect the characteristics of both the varietal and the terroir. The nose reveals plenty of chestnut and reminds us of the awakening nature in spring with pollens everywhere. Later a touch of clove joins, mainly when tasting. The palate reveals the stunning texture and the balanced richness of flavors – citrus fruits, feijoa, grapefruit – with a long lasting full body. “The 2017 Furmint is excellent: full bodied, supple, and fairly rich in flavor, with good balance, and a long finish, tasting of pear, toast, apple, vanilla, oak, and lime. A complex wine that will develop with further aging.” Ronn Wiegand MW, MS**

Story: **Andreas Larsson Best Sommelier in The World: “Pale straw colour. Complex and layered nose offering ripe stone fruit, apricot, sweet citrus with floral and nutty notes. The palate has a very good bite and vital freshness, intense and lingering with pure stone fruit, hazelnut, a nutty spiciness, good volume and a rounded texture followed by a long lingering finish with a bright freshness all along.” 92/100**
